COOPERATION / FULL COVERAGE

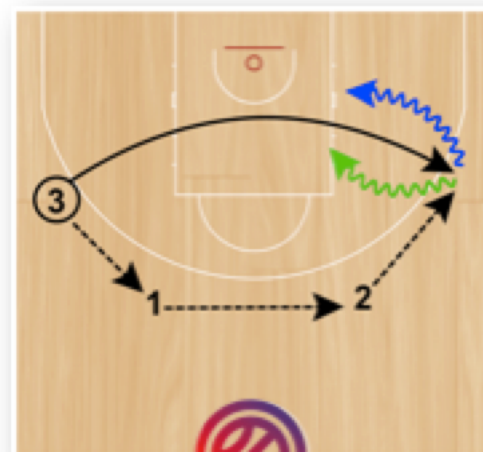

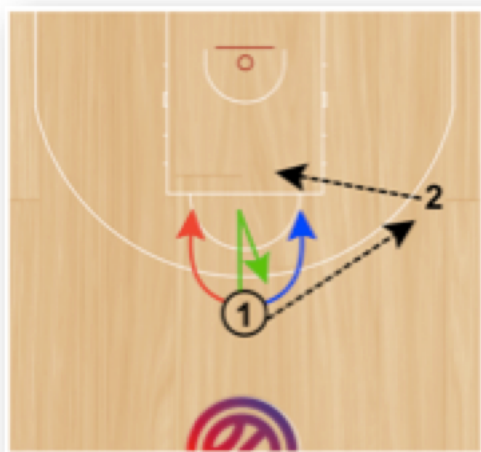

Rebounds Coverage

- In rebound situation we might have maximum of 5 matchups (in theory)
- If each referee picks up only one match-up, we have around 75% coverage (three out of four).
- Challenge is that every referee picks-up
 - a different match-up
 - the most appropriate ones.
- "Priority of my side?"
- There is normally one match-up you can easily rule out (players not actively engaged).
